

OASYS OSP100 AUTOMATIC HOLE / SLOT SHEET PUNCHING MACHINE

OSP100 AUTOMATIC HOLE / SLOT SHEET PUNCHING MACHINE

OSP 100 SERIES HOLE / SLOT SHEET PUNCHING MACHINE

- Well proven industry track record for high reliability
- Handles thin gauge material down to 80 microns
- Developed in response to specific demands for high accuracy punching of holes and slots into sheets for subsequent sheet to sheet precision collation
- Retains a high degree of flexibility, with the ability to handle different sheet substrates in one machine
- Variable speed head to cover wide range of substrates
- User friendly touch screen control man/machine interface with self diagnostic capabilities and optional modem link
- Fully automated sheet loading and un-loading facility via automatic height indexing transport trolleys which provide longer runs of the machine between removal of the processed sheets
- Multi - colour sensor mark reading capabilities

Sheet Punch Tool Heads

Precision Print Registration Mark Alignment

Specifications

General: Safety: All Oasys machines are CE certified and comply with relevant European safety requirements including emergency stops and interlocked guarding.

TYPICAL SPECIFICATION FOR THE OSP 100

- Output up to 800 punched sheets per hour depending upon registration and substrate details
- Electrical: 400V, (+/-5%) 50 or 60 Hz, 3 Ph, 8 KVA
- Pneumatics: 793 litres/min @ 5.5 bar (28 CFM @ 80 psi)
- Machine Weight (packed): 3,100 Kgs approx
- Total Shipping Dimensions (4 crates) :- L8,640mm x W5,270mm x H2,140mm

* Specifications are subject to change without notification.
* Actual output rates will be dependent upon product used, settings and configurations.
